Enhanced Skin Rejuvenation

BEFORE

This client had brown spots, vessels, lines, large pores, skin laxity, and uneven dull tone.

All of the issues are addressed with our Enhanced Skin Rejuvenation LASER treatment. The client looks brighter, tighter, and oh, so smooth!

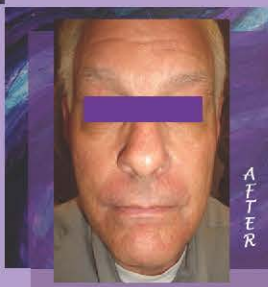

AFTER

BEFORE

This 62 year old male had Rosacea, large pores, and wrinkles.

Four LASER treatments make amazing changes! The redness is gone, pores appear smaller while forehead and under-eye wrinkling has diminished

you, only better

THE PROCEDURE

This no downtime LASER procedure reduces sun spots, facial vessels, wrinkles, large pores, under eye dark circles, and sagging skin. During this 75 minute procedure two or three FDA approved LASERS are used to achieve your personalized treatment.

THE RESULTS

Immediately after treatment brown spots may appear slightly darker and mild redness and swelling may be evident. These mild side effects are easily disguised with a light application of Body Perfect mineral makeup. Results start to become evident after one week and continue for six weeks. Three or more treatments spaced one month apart are recommended and Body Perfect Skin Care will optimize your results.

THE PAIN

A topical numbing medicine may be applied to ease the pain and an anti-histamine is offered to reduce swelling. This generally controls the discomfort and renders the procedure pain-free. Oral pain relievers and anti-anxiety medications are available if needed.

THE COST

Enhanced Skin Rejuvenation is \$600 per treatment for the face. Other areas that may be treated are the neck, chest, and hands at \$200 per treatment for each area.

- BOTOX®_Cosmetic

RISKS

COMMON

- Temporary Hyperpigmentation
- Redness
- Swelling
- Impaired Hair Growth

LESS COMMON

- Blister / Burn
- Scar
- Infection
- Hyperpigmentation
- Hypopigmentation

BEFORE

Large dark, sun spots, lines and uneven pigment create an aging appearance.

Three LASER Enhanced Skin Rejuvenation treatments have cleaned up much of the pigment, softened lines and given the skin a radiant glow.

AFTER

WHAT CAN ESR DO FOR YOU?

Enhanced Skin Rejuvenation helps to restore youthfulness to skin. It reduces age spots and uneven brown pigment. It decreases facial veins and rosacea, which in turn lessens flushing. Lines soften, pores shrink and skin tightens. This procedure combines two or three LASERS to address your specific needs, creating a smooth, even glow that is...
