 MEDICAL SPA

Sculptra®

This 45 year old male has folds and deep facial lines, causing a rough, worn, or old look.

Sculptra® gives this client a pleasant, youthful appearance. He had three treatments, one month apart, using 14cc Sculptra® at each session.

THE PROCEDURE

The doctor will assess and may mark the area to be filled. A small needle is used to deposit the filler at the base of the skin. The area is then massaged and ice is applied for 10-15 minutes. The entire procedure usually takes less than one hour.

THE RESULTS

Immediate results are evident, while full effects are determined at six weeks. Touch-up treatments may be needed at follow-up visits. The final results last about 2 years.

THE PAIN

A topical numbing medicine may be applied. Oral pain relievers and anti-anxiety medications are available. Sculptra® also has a small amount of lidocaine in the formula to ease the pain, making this procedure almost pain-free.

THE COST

Sculptra® costs \$200 per cc. The average cost Per Area is \$800 and a Full Face Lift is approximately \$4000.

- Swelling
- Bruising

LESS COMMON

- Allergic Reaction
- Granuloma
- Visible Lump

This 62 year old female called the volume loss at the corners of her mouth her "caves".

8cc of Sculptra® has filled in this area. No more caves!

WHAT IS Sculptra®

Sculptra® is a Dermal Filler that is used to correct sagging and fill areas of volume loss that come with aging. It is used to create youthful fullness from the brow to the jowl. Sculptra® can also make old hands look young again. This FDA approved product goes deeper and lasts longer than other fillers and may be used alone or with other fillers to achieve desired results. At your personalized consultation your specific needs will be evaluated and recommendations made for an individualized treatment plan to make you....

'You, Only Better!'

This client has deep creases that extend from the edges of her nose downward toward her mouth.

6cc of Sculptra® eases the deep volume loss and 1cc of Restylane® 'pops' the line to give a smooth, youthful appearance.
